Correct Placement

Incorrect Placement

Some DOs and DON'Ts to help you with proper sign placement

Do place your sign...

- With 4 inch numbers
- At least 3 feet but no greater than 6 feet above the ground surface
- On the same side as your driveway
- So it is adequately visible from both directions of travel
- At least 4 feet off of the edge of the paved roadway
- Call 811 (One Call) before your dig!

Don't...

- Purchase a sign with 3 inch numbers
- Place the sign across the street from your driveway
- Place the sign below 3 feet as it may be obscured by snow in the winter.

Chestnuthill Township Ordinance 2011-03 requires reflective emergency response signs be placed at all driveway entrances to occupied structures. Be sure your sign measure 6" by 18" reflective green with 4" reflective white numbers on both sides. Signs can be purchased at any retail store which carries the 6" x 18" reflective green sign and 4" reflective white numbers.
