## Correct Placement

## Incorrect Placement

## Some DOs and DON'Ts to help you with proper sign placement

### Do place your sign...

- With 4 inch numbers
- At least 3 feet but no greater than 6 feet above the ground surface
- On the same side as your driveway
- So it is adequately visible from both directions of travel
- At least 4 feet off of the edge of the paved roadway
- Call 811 (One Call) before your dig!

### Don't...

- Purchase a sign with 3 inch numbers
- Place the sign across the street from your driveway
- Place the sign below 3 feet as it may be obscured by snow in the winter.

Chestnuthill Township Ordinance 2011-03 requires reflective emergency response signs be placed at all driveway entrances to occupied structures. Be sure your sign measure 6" by 18" reflective green with 4" reflective white numbers on both sides. Signs can be purchased at any retail store which carries the 6" x 18" reflective green sign and 4" reflective white numbers.

## PERMITTING PROCESS FOR CHESTNUTHILL TOWNSHIP

All permit applications get submitted to the Township at the same time (one stop shop).

1. The Zoning fees are due at the time of application submission, payable by credit/debit card or by check/money order to "Chestnuthill Township".
2. Once we receive the permit applications, we will forward the building permit (UCC application) to Blue Mountain Inspection Service (Carl E. Faust), if needed.
  - Please note that three (3) sets of plan copies are required to be submitted with the building permit application. In most cases signed & sealed plans are necessary.
3. Once the Building Code Inspector issues the building permit, the Township will call you, letting you know that both the zoning and building permits are completed, along with the invoice fee for the Building Code Inspector. The building permit fees will be due when all permits are completed and ready for pick-up. The building permit fee can be made payable by check or money order to: "Blue Mountain Inspection Service" (or "BMIS").

## WHY IT IS IMPORTANT TO CLOSE OUT YOUR ZONING PERMITS WHEN COMPLETED:

The importance for applicants to call when their zoning projects are completed is multi-faceted.

- Zoning Permits expire within one year of the issued date, and by calling to let the Zoning Department know that the project is complete, you are assuring that the permit will not expire, and additional fees are not charged to renew that permit.
- You are assuring that the project receives a Zoning Compliance letter, so that if in the future the home changes ownership, all permit records are complete. This is a good selling tool and will reassure the prospective buyer that the house is in compliance with zoning and building codes.
